

# ALEXANDER HOUSE NEWSLETTER 10

Welcome to newsletter number 10. We begin with a visit in July from the Bold Balladiers which was as enjoyable as usual and greatly appreciated.

We also welcomed a new resident named Peggy and hope she will be happy here.

A donation was made to Embracing Age and thanks to all who bought cards. The charity was very pleased to receive the cheque especially as another one was given soon after.

Eden visited with her little boy but he obviously was not impressed as he slept the entire time. It was still good to see them.

The main event of July was that Donna and Richard told us of their decision to retire after 45 years of work which included 22 years at Alexander house. They will be sorely missed but wish them happiness in the future. We welcome the new team of Catherine, Priyantha and Grace and hope they will be happy here.

We have not seen very much of our volunteers over the summer but hope their visits will resume when the autumn comes.

August saw Ros's birthday which was celebrated with a tea party and was quickly followed by the big summer party. This was a joint enterprise

organised by the past and present owners and it was intended to be held in the garden which had been specially spruced up, but after weeks of dry weather it decided to rain so we moved indoors. There was live music and plenty of guests and everything went with a swing. A good assortment of food and drink was served with homemade curry and noodles along with party nibbles and lots of Pimms was drunk. Everyone had a good time and the occasion was a great success.

We welcomed a new resident named Judith and hope she will enjoy her time here. She celebrated her birthday shortly after and hope she had a good day.

That's about it for this newsletter. Hope you have enjoyed reading it and see you next time.
